PROFESSIONAL EXPERIENCE

SAP Finance Lead — S/4HANA Public Cloud

May 2025 – Present

High Tech Electronics Manufacturing Client (Global)

- Leading global Finance & Controlling implementation across US, India, Israel, Malaysia, UK, and the Netherlands — delivering SAP S/4HANA Public Cloud 2502.
- Executing Fit-to-Standard (F2S) workshops across 175 L3 processes encompassing multiple best-practice scope items using cALM and Signavio process flows.
- Championing cloud mindset adoption ('adopt before adapt') and conducting digital delivery assessments to quantify solution fit.
- Demonstrating SAP best practices through standard test scripts during the Explore stage of the implementation.

R2R Architect / Team Lead — SAP S/4HANA NS2 Program

Dec 2024 – Nov 2025

Aerospace & Defense Client (Viasat Inc.) | S/4HANA Private Cloud NS2

- Directed the Record-to-Report workstream for a multimillion-dollar S/4HANA transformation involving complex project-based accounting and stringent defense compliance requirements.
- Led a team of consultants from the client's global support center and System Integrator, delivering 50+ R2R workshops.
- Architected integration across Project Systems (PS), RAR, Controlling, Credit Management, Asset Accounting, Inter-company transactions, and Group Reporting.
- Served as a critical member of the R2R and Supply Chain Design Review Board; mitigated enhancement requests through coordinated strategy.
- Evaluated and presented FSCM vs. Sidetrade for AR/Credit teams; coached client SMEs to build future-state process ownership.
- Key architecture areas: Interco asset sales, overhead allocation via costing sheets, allowable/non-allowable transactions, equipment master / Fixed Asset integration, Kyriba integration.

R2R Solution Architect — S/4HANA Migration

Aug 2023 – Jul 2024

Toyotires Holding of America | ECC to S/4HANA Private Cloud 2021

- Served as hands-on Finance & Controlling solution architect for ECC-to-S/4HANA migration; led A2R (Acquire to Retire) and R2R workstreams.
- Conducted 35+ best-practice workshops in Record to Report and Close to Report; built global closing checklists and cross-functional closing plans.
- Designed Material Ledger, FIFO, parallel ledger, and multi-currency strategies; streamlined Chart of Accounts for global recording and reporting.
- Developed end-to-end test scenarios for document splitting, A2R, R2R, and financial reporting using Cloud ALM.
- Executed banking integration strategies and led offshore functional and development teams.

FICO / Retail Architect — S/4HANA Finance Lead

Jun 2021 – Aug 2022

Topgolf & Callaway (Retail / Food & Beverage) | S/4HANA 1909

- Hands-on Finance and Integration Architect integrating Coupa, Crunchtime, Anaplan, ADP, Concur, Tango, and BNA with SAP S/4HANA.
- Designed product costing, overhead costing, 4-4-5 parallel ledger strategy, multi-currency, GAAP, and IFRS framework.
- Architected procurement strategy across 4 sourcing platforms; led workshops on STO vs SO/PO and product hierarchy integration.
- Executed month-end closing optimizations, reducing close time from 10 to 7 days.

S/4HANA Cloud Architect

Prior Engagement

Spirit Airlines | SAP S/4HANA Public Cloud 1902/1904

- Led S/4HANA Public Cloud deployment integrating Concur, Ariba, TRAX, and Multi Bank Connector.
